- Complete the Medical Requirements for Athletic Training:
  Complete all five steps including the online Medical History information forms which are available online at:

1. **Copy of Required Student Health Form** (to be completed by a Physician).
   - All student-athletes must have a recent physical completed by a Physician within 6 months of the starting date of August 21st.
     - For new students, the Student Health Form must be on file in the Health Services Department AND a separate copy must be mailed to Athletics.
     - Returning students need only mail the completed form to Athletics.

2. **Sickle Cell Trait Documentation**
   - All student-athletes must provide documented proof of their sickle cell trait status (SCTS) prior to participating in try-outs, practices, or conditioning. This request for information in on the Student Health Form. One of the following must be met:
1. Provide a copy of your newborn sickle cell test results. Contact your hospital of birth and/or your pediatrician’s office.

2. Provide a copy of a recent Sickle Cell Solubility test indicating your SCTS. This requires a written request from a physician, a blood draw from a physicians’ office or a lab, and a lab test.

3. Sign a waiver declining options 1 and 2. While the waiver is the quickest and easiest option, it is not recommended.

4. Please go to our website for more information on SCTS.

3. **Copy of Insurance Card** (front and back).

4. **Completed Assumption of Risk and Injury Waiver Form**.

5. **Online completion** of the Athletic Training System (ATS) web portal.

- All of the above must be completed for you to be eligible to practice.

**Please read if you have been diagnosed with ADHD:**

**ADHD (Attention Deficit Hyperactivity Disorder) NCAA Policy**

If a student-athlete is being treated for ADHD by a doctor/mental health professional, he/she must provide the following information to the Athletic Trainers:

1) Description of the evaluation process which identifies the assessment tools and procedures.

2) Statement of the Diagnosis, including when it was confirmed.

3) History of ADHD treatment (previous AND ongoing)

4) Statement that a non-banned ADHD alternative has been considered if the stimulant is currently prescribed.

5) Statement regarding follow-up and monitoring visits.

Please see the athletic trainers if you or your physician requires clarification on what materials need to be provided. This information will be provided to the NCAA in the event of a positive drug-test.
